## Signature Keynotes

### STEP INTO YOUR MOXIE

A soul-stirring call-to-action to speak up and out, this keynote is a perfect fit for women's leadership events. Alexia fuses hilarious and at turns heartbreaking stories of living and growing through abuse, postpartum depression, and thyroid cancer with mindful and actionable advice to show audiences how to walk into any room (or onto any stage) and use your words to speak up for yourself, the ideas and issues that matter to you (and your organization), and move people to action.

### ALLYSHIP: THE PATHWAY TO A WORKPLACE THAT WORKS FOR ALL

Allyship, the practice of using your voice, power, and influence to draw attention to and address the needs of one or more oppressed groups, is the key to creating safety, belonging, and dignity for all employees. In this super timely, practical keynote, audience members clarify specific ways to engage in allyship so they can spot and effectively address systemic and interpersonal conscious and unconscious bias.

### WE'RE LISTENING: HOW COMPANIES CHAMPION FEMALE EMPLOYEES

While the #MeToo movement prompted many companies to strengthen their sexual harassment policies, too many organizations have neglected to create a culture that truly empowers them to speak up and lead. In this practical keynote, demystify Corporate Gender Responsibility (CGR), how to grow and retain high-potential women, and foster safety for all employees to have daring conversations about gender and power.

### SPEAK WITH MOXIE: PERSUASIVE CONVERSATIONS THAT INSPIRE ACTION

Few situations are more anxiety-producing than those where you want your communication to drive people to take action. In this bold and playful keynote, Alexia shows audience members how to speak with moxie and sculpt persuasive communication that works face-to-face and in our new virtual world so that people are eager to say yes to you and your ideas.
